

MAORI OXSHOTT CRICKET CLUB

The latest Winter Nets session focussed on the basics of bowling. As the weeks progress, the players will work on different bowling styles, all stemming from this solid foundation.

Steve Saker worked the enthusiastic trainees hard but left the intense fitness elements to Henry Thorpe, whose positive attitude is fast becoming infectious.

There is a little bit of competitiveness in the ranks and a number of the drills have winners and losers. One or two took Henry on but none were a match!

All the hard work over the Winter will soon crystallise into Summer action.

Behind the scenes at the Club the 2015 fixture list is being drawn up. First matches for most age groups will be on 3rd May, although the Under 12s may well face an early cup clash at Leatherhead before the end of April.

One more week of bowling practice and then we will start to put everything together. Some of the older group are desperate to have the bowling machine cranked up, don all the gear and have a real net experience. This will come but the importance of the groundwork cannot be underestimated – patience is encouraged!

New interest is arising from multiple sources, including forwarding of the newsletter. Please continue to play your part to grow the Club – especially the Under 8-10 contingent and 11-13 year old girls.
